

Golden Key

Address

Hotel Golden Key, Nerudova 243/27, Prague 1, 11800
Website (hotel): www.astenhotels.com/hotelgoldenkey/

In the basement of a boutique hotel on the main route to the castle this is a very atmospheric twenty seat venue with stone walls and a brick arched roof. This is a unique and very intimate space that works for story telling, poetry, comedy and one person theatre. Due to the low roof this space can be quite claustrophobic and may not work for some shows.

The hotel has a café/bar that will be open during festival.
The space has very basic sound and on/off lighting.

Stage Set Up

Stage Dimensions

The stage is a small rostra 1m x 2m raised approx. 20cm

Stage Surround

Stone walls. There is no masking of any kind.

Dressing room

There is no dressing room or separate toilet facilities

Site Lines

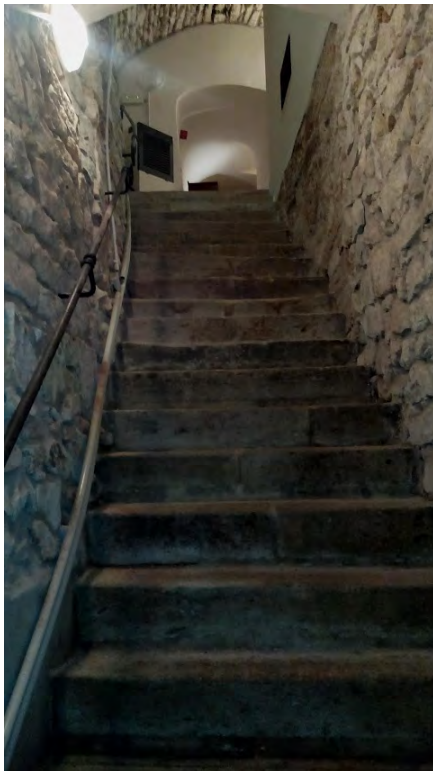

Good for standing person, ok for sitting. Because of the flat floor poor for kneeling/ lying.

Audience Entrance

Please note this is the only entrance/exit so performers must enter this way as well
Down steep flight of stone steps approx. 10 m long.

Set/ prop storage

There is very limited prop storage in an office. There is no room to store settings. All storage is up the long flight of stairs

Lighting

Basic domestic spotlights.
The ‘house lights’ are simple on/off wall lights that are operated from the doorway either by the usher or by the performer as they enter the room.

Sound

A basic system consisting of mixer and speakers. This gives the option to plug in Laptop/iPod, single microphone, etc.
The control is positioned next to the stage so can be operated by the performer.

Seating

Seating

20 on chairs

Technician

There is no technician available for this venue. The Front of House person can turn off/on the house lights at the start and end of your show.

If you bring your own operator they cannot do both sound and lights as they are operated from different positions.

If you use your own technician this will reduce the seating capacity to 19.

Projection etc

It is not practical to hang a projector or any other equipment in this venue. Because of the small size of the venue we do not recommend use of projectors, etc.

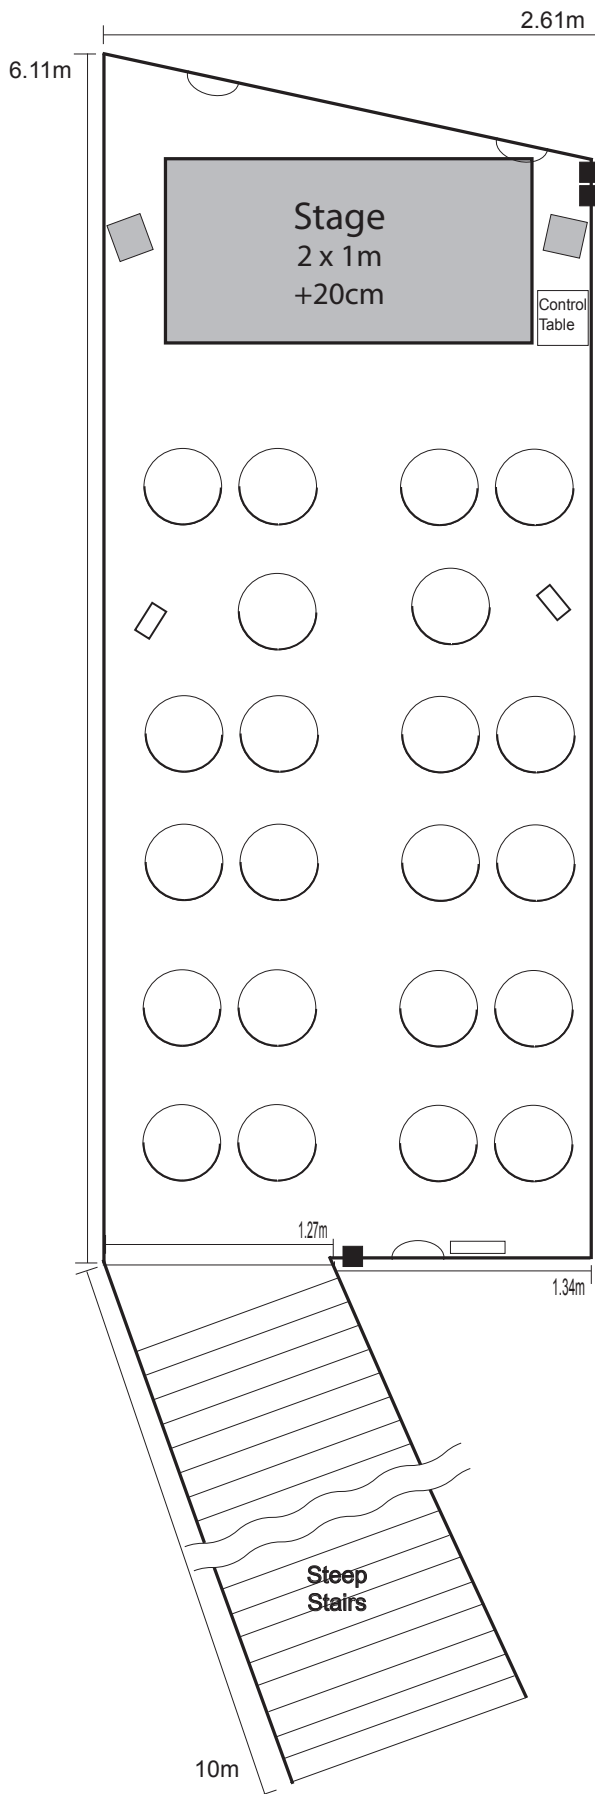

Smoke, Flames, etc.

Smoke, flames, etc are not allowed.

Lighting is domestic spotlights
